Hello all,

I wanted to send you four handouts we will be using we will be using at the November 13, 2013 Wild Rice Standards Study Meeting for those of you who may be joining the meeting via phone. As a reminder, the meeting will be held at the Minnesota DNR's 6th floor North and South Conference Rooms at 500 Lafayette Road North. This room is on the 6th floor of the DNR building, which connects with the MPCA's St. Paul Office on the other side of the cafeteria.

I am also attaching the agenda and repeating the call-in and parking information again so you have all this information in one e-mail message.

Thanks,

Pat

Parking and room location logistics

If you enter through the MPCA front door, stop at our guard station to get a name tag, and then take a left and follow the hallway adjacent to the cafeteria to get to the DNR building. Once you are on the DNR side of the cafeteria, follow the short hallway to the end. The DNR elevators are located just to the right of the large staircase. Take the elevators to the 6th floor. Once on the 6th floor, take a left and then an immediate right and you will be at the conference rooms. We will try to place signs for the meeting at key spots on the day.

If you are parking in the MPCA's remote parking lot, you can also enter through the DNR building, but will need to let them know that you are attending the wild rice meeting in the 6th floor North and South rooms. Note, however, that the parking spaces directly in front of the DNR building are limited to 90 minutes. So don't park there or you might get towed.

Please see the link below from our web site that shows the location of MPCA office and parking options in case you need a refresher.
